600+ Software / Tech Placements & Internships – India – 2025 Updated

I've curated a list of **600+ full-time and internship offers** in Software/Tech roles across India, based on publicly available placement data from the 2025 graduating batch. The list includes **base salary, total compensation (CTC)** for full-time roles, and **stipend details** for internships — wherever available. Sources include college placement cells (Tier 1, 2, and 3), Reddit, and student-contributed spreadsheets.

Why am I sharing this?

Up-to-date and reliable information on **tech offers in India** is hard to come by, especially when scattered across platforms. This list is meant to help students get visibility into **which companies hired**, the **types of roles**, and **compensation details** — which is especially important in today's uncertain job market.

🙌 Help the Community:

- Please **upvote** so more students can find this.
- If you notice corrections or updates, **comment below** — I plan to refresh the list monthly.
- You can also contribute directly to the GitHub repo by opening a **PR or Issue**.

Thanks, and best of luck to upcoming batches preparing for placements and internships! 🎯🚀
